

Project Status Report: CEE-2018CPST-005

Report Date: October 1, 2018

Team Members: Braiden Green, Bryce Miller, Abbey Wilson, Adam Foulk

Project Title: Nepal Housing Options

1) Summary of technical/non-technical challenges encountered

- Trouble defining scope and objectives of our project

2) Team approaches & resolutions to overcome challenges

- We have begun doing general searches on alternative building resources with an emphasis in seismic resistant materials.

3) Status of challenge resolutions & potential project impact

- We have done preliminary research
- We will be contacting Bishnu Adhikari this week to further define scope and objectives.

4) Project status & summary

- Our focus is to do wide research of building materials, both common and alternative, to understand all of the possibilities available.
