

Project Status Report: CEE-2018CPST-DR-003

Report Date: 01 Oct 2018

Team Members: Chris Edwards, Jake Lewis, and Hunter Williams

Project Title: Flood Early Warning

1) Summary of technical/non-technical challenges encountered

- Scope is difficult to define due lack of familiarity with INDRHI's needs.

2) Team approaches & resolutions to overcome challenges

- Review information we have from INDHRI.
- Schedule meeting with Dr. Nelson to further discuss scope.

3) Status of challenge resolutions & potential project impact

- Scheduled meeting with Dr. Nelson
- Some information has been received from INDRHI and requires further analysis.

4) Project status & summary

- We have a preliminary understanding of scope, and plans are in place to define it more clearly.
