**Report Date: 11/12/2018**

**Team Members: Adam Foulk, Abbey Wilson, Bryce Miller, Braiden Green**

**Project Title: Nepal**

### 1) Summary of technical/non-technical challenges encountered

- We started to run into significant issues determining actual pricing for each of the materials, considering availability in Nepal, transportation costs, etc.

### 2) Team approaches & resolutions to overcome challenges

- We need to reach out to people who have overcome this previously and use their experience.

### 3) Status of challenge resolutions & potential project impact

- We've sent emails to four different nonprofits involved in construction in third world countries asking about how they figure out pricing and if they have contacts for us that might be able to give us quotes on material pricing.

### 4) Project status & summary

- Waiting to hear back from the non profits.
- ~15 materials potential
- Need to start on architectural plans for residence & school.
