

**Project Status Report: CEEEn-2018CPST-014**

**Report Date: 3/25/2019**

**Team Members: Alec Van De Graff (team leader), Rob Anderson, Natalie Bagley, Caleb Joubert**

**Project Title: Santaquin Irrigation-Water Conservation Study**

**1) Summary of technical/non-technical challenges encountered**

- Needed to make sure we are moving in the right direction before we finalize the report and presentation
- We need to finish up as much of the GIS as we can do with the data we have

**2) Team approaches & resolutions to overcome challenges**

- We met with Dr. Williams this week to make sure we are moving in the right direction before we finalize the report and presentation.
- Worked on finishing up the GIS model

**3) Status of challenge resolutions & potential project impact**

- We have the direction we need to be able to finish up our project moving forward

**4) Project status & summary**

- We are currently putting the finishing touches on the data and the GIS work and finalizing the report

Please enter # of hours spent on project this last week for each team member in the order listed above

Member #1: 5

Member #2: 2

Member #1: 4.5
